

Agenda

☐ Introductory Remarks and Project Overview

Frank Mendoza, The New Terminal One

☐ Upcoming Bid Packages in the next 30, 60, 90-Days

Jerry Herold, AECOM Tishman

□ Prequalification Refresher

Lauren Munro, AECOM Tishman

□ Questions & Answers

Our World-Class Team

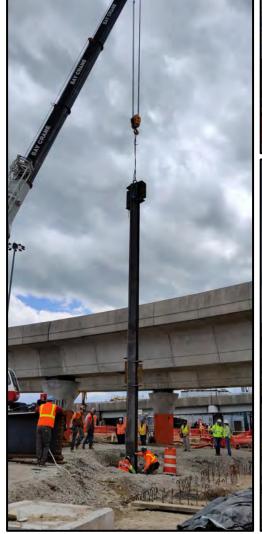

Project Update

- The project continues on-time and on budget
- Notable construction milestones include:
 - Green Garage Demolition (RCGA, MBE Tier 1)
 - Terminal 2 Abatement and Demolition (R. Baker, MBE and International Asbestos Removal, WBE)
 - 95% Design Completion
 - AirTrain Protection Enclosure (Creative Construction, MBE Tier 1)
 - May 1st Delivery of Steel
- NTO has engaged over 252 of local and/or minority firms on the project and continues to recruit more local and minority firms as contractors and professional service providers.
 73% of payments have flowed to minority firms
- NTO is pleased to report that 47.6% of construction laborers are minority and 18.1% are local residents
- NTO has partnered with Korn Ferry, the leading executive search firm, to offer residents an exciting opportunity to participate in *Leadership U for Humanity*, a 6-month leadership and career development initiative

The New Terminal One Impact

Diversity Goals

- 30% M/WBE goal across all phases and disciplines of the project
 - o 20% MBE
 - o 10% WBE
- 3% SDVOB goal across all phases and disciplines of the project
- Workforce hiring goals for minorities and women:
 - 40% for laborer
 - 30% for other trades
 - o 7% for women
- Prioritization of local firms starting with Southeast Queens and Western Nassau, followed by the Borough of Queens and the New York and New Jersey Port Districts

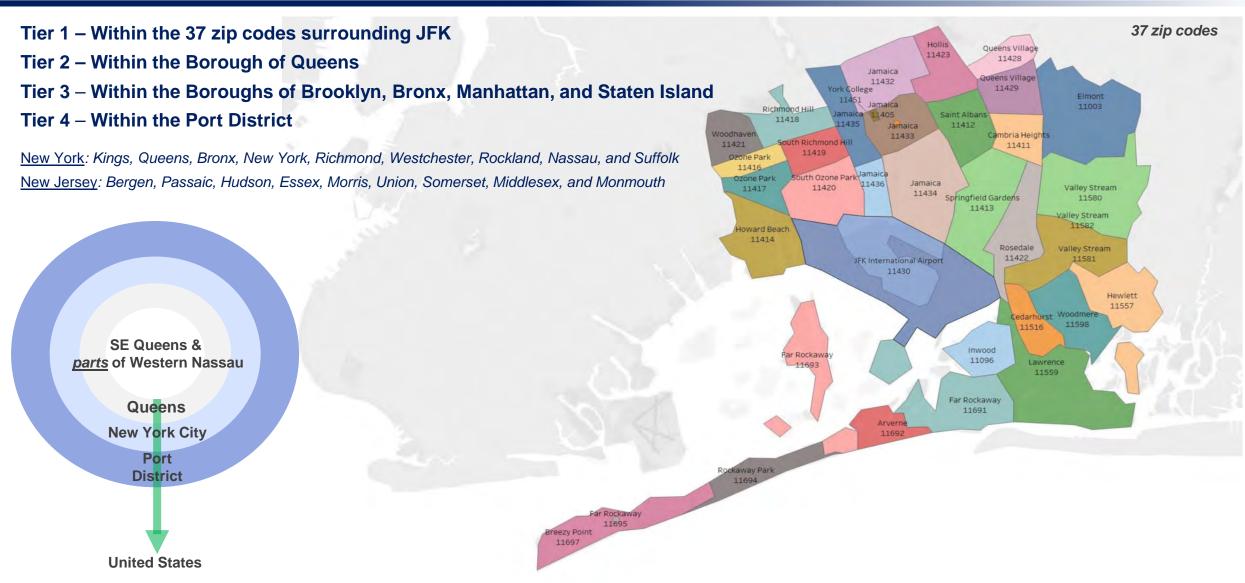

Defining Local for Contracting and Hiring

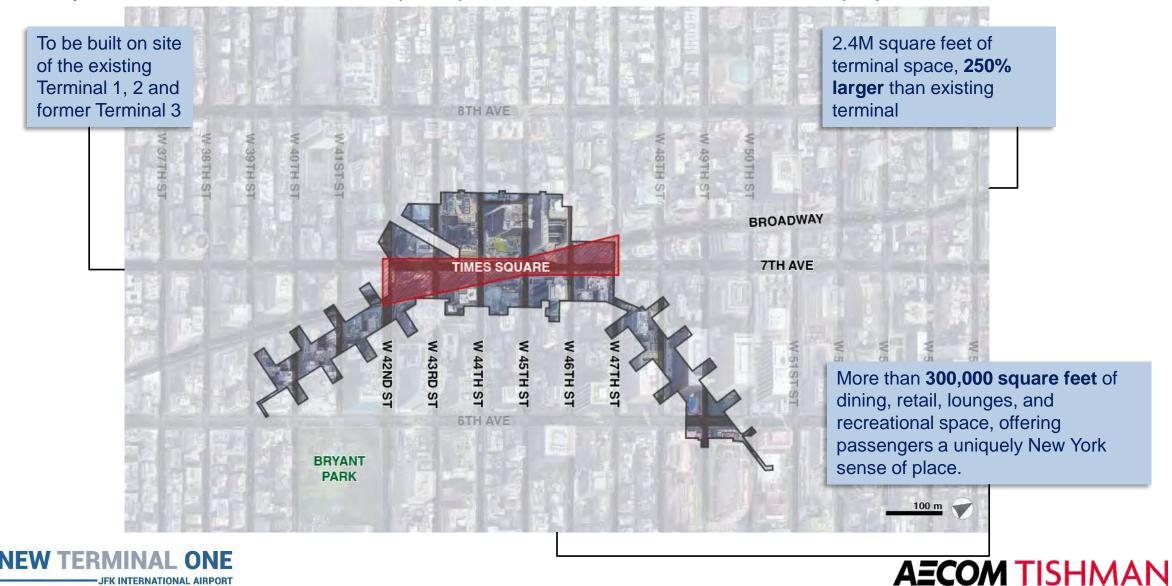

Project Scale and Phasing

This overlay of the terminal over Times Square provides a sense of the scale of the project.

Pest Control

Gas Fuel Services

First Aid Supplies

To express interest, email us at info@onejfk.com to complete the *Tishman Construction* prequalification and be added to the Bidders List.

Completing the Prequalification Process

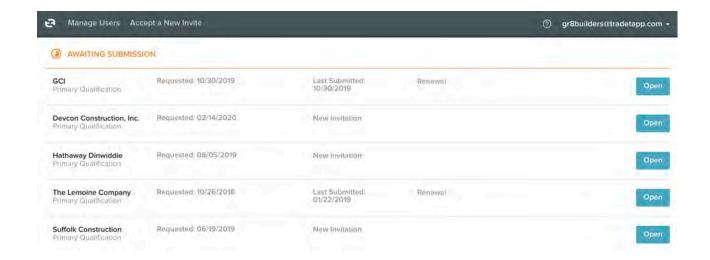

What is TradeTapp?

Web-based Vendor Prequalification

TradeTapp delivers a modern technology platform to the subcontractor prequalification process.

Why use TradeTapp as a subcontractor?

- No redundancies: submit any application and automatically create a stored qualification to use for any GC in the network.
- Confidential & secure: TradeTapp's secure
 platform safely protects the transmittal of your
 sensitive documents unlike email or fax.
- Increased visibility: By signing up to TradeTapp, you are joining the largest builder's network in Construction. This means your company can be found for more projects.

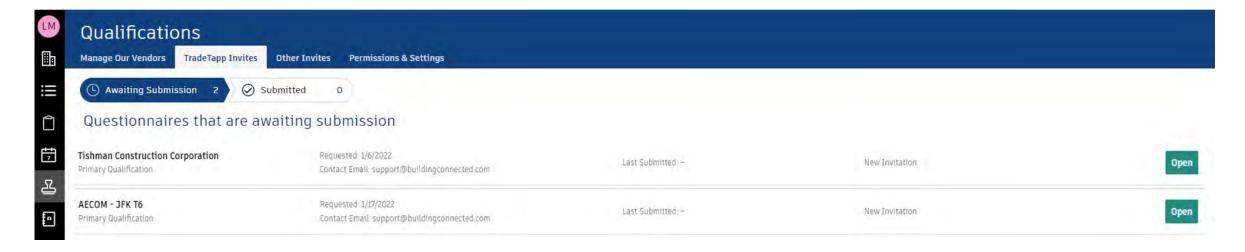

Difference between *Tishman Construction Corporation* and *AECOM JFK T6* Prequalification

No redundancies: submit any application and automatically create a stored qualification to use for any GC in the network.

PLEASE NOTE:

- You will need to fill out one for Tishman Construction (JFK T1) and;
- You will need to fill out one for AECOM- JFK T6 (Hunt).

When receiving an Invitation to Prequalify

- 1. Invited by the Tishman Team
 - 2. Self-invited by Public Link

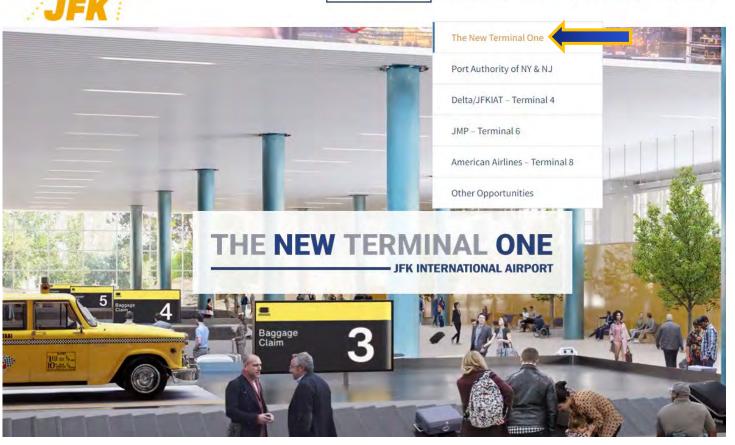

Public Link To Qualify

- The public link to qualify is on <u>https://www.anewjfk.com/projects/the</u> <u>-new-terminal-one/</u> for subcontractors to self-invite and complete the questionnaire.
- Questions? Reach out to support@buildingconnected.com.

Contractor Prequalification

First time users, create a Building Connected account.

Returning users, make sure you are logged in before clicking Prequalify.

Open the "Qualifications" tab (rubber stamp symbol)

Navigate to the *Awaiting Submission* section and locate the questionnaire for: "Tishman Construction Corporation"

STEP 3

If you have any questions, email us at info@oneifk.com

RESOURCES

For your reference, find session recordings and copies of past presentations with information regarding how to complete the prequalification application.

- 1. January 11, 2022 "Understanding the Prequalification Process"
- March 8, 2022 "New Terminal One Insurance Requirements"
- 3. May 10, 2022 "Preparing your Health and Safety Plan (HASP)"
- 4. June 14, 2022 "Completing the Prequalification Application"

** Note that AECOM is involved in more than one project at JFK Airport. There is a separate prequalification per development team.

If you are interested in being considered for both projects, do not start the applications simultaneously.

Complete 1 first, then start the 2nd, to facilitate the seamless transition of information from one application to the next.

How to begin filling out the Prequalification Questionnaire

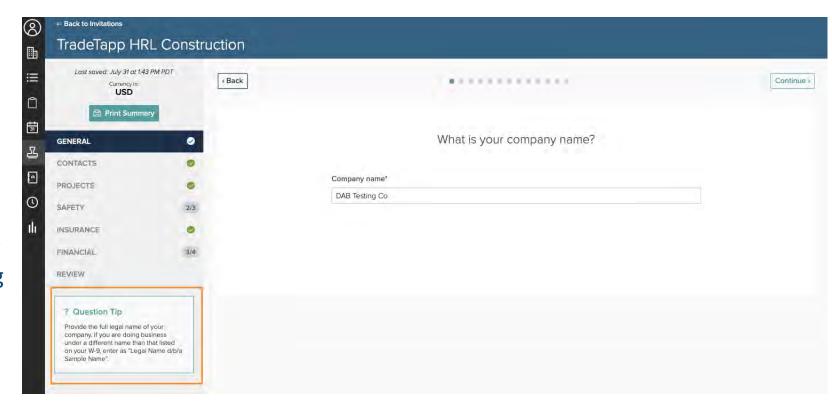

- Your main TradeTapp portal will include all of your pending submissions and all of your completed questionnaires.
- Navigate to the "Awaiting Submission" section and locate the request from AECOM Tishman.
- Click "Open" to begin filling out the questionnaire.

- If you are unsure what a question means or how to answer it, there are "Question Tips" which are located below the menu on the left-hand side of your questionnaire.
- If you have further question about your questionnaire, we recommend reaching out to: lnfo@onejfk.com.

OSHA's Form 300 (Rev. 04/2004)

Log of Work-Related Injuries and Illnesses

· Information about every work-related death and about every work-related injury or illness that involves loss of

consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid.

Note: You can type input into this form and save it.

Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader. In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

 Complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a Year 20

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases

(2) Skin disorders	0	(5) Hearing loss	0			
(3) Respiratory condit	ions 0	(6) All other illnesses	0			

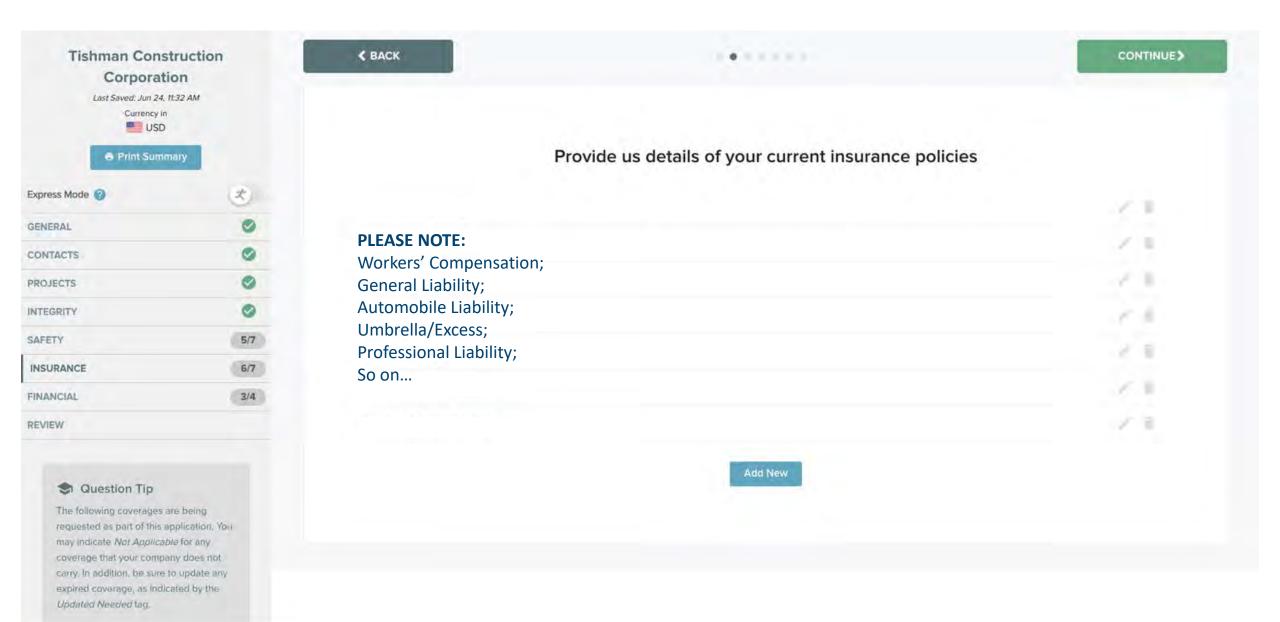

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.
