1

Tell us about your company.

Headquartered in Rosedale, Queens, Haydan was founded in January 2019 by Dan Sawh, an AEC industry veteran whose 32-year career includes key strategic and operational leadership roles at STV and AECOM. Haydan has performed key roles on a number of New York's most significant infrastructure programs, from the redevelopments of LaGuardia and JFK airports to East Side Access, Phase 1 of Second Avenue Subway and the World Trade Center Hub. We have also served numerous public and private clients, including the Port Authority of New York and New Jersey, JFK Millennium Partners, New Terminal One, Delta Air Lines, Metropolitan Transportation Authority, New York Power Authority, New York City School Construction Authority, New York City Department of Design and Construction and New York City Economic Development Corporation.

2

What services do you provide?

Haydan offers Program Management; Construction Management and Inspections; Project Controls; Environmental; Compliance; and Staff Augmentation services across the transportation, water, facilities and power/energy markets.

“

As a Tier 1 Local Business Enterprise headquartered near the airport, Haydan has greatly appreciated the opportunity to support JFK Millennium Partners and AECOM Design on Terminal 6. We hope to substantially grow our presence at Terminal 6 and throughout JFK as the program moves forward.

3

What projects are you working on with JFK Millennium Partners/Terminal 6?

Haydan is providing Project Controls services to JFK Millennium Partners and has provided Document Controls and MWBE Compliance services to AECOM Design for Terminal 6.
