

# JFK Redevelopment Program

Community Advisory Council Meeting

06.30.2022

**AIR LAND RAIL SEA**

**JFK Redevelopment Community Advisory Council Facilitator  
Dr. Stacie NC Grant**

Dr. Grant welcomed everyone to our first in person meeting since the COVID-19 and thanked the Black Spectrum Theater for hosting everyone.

After reviewing the agenda, everyone was reminded about the importance of this work and active participation needed from committee members sharing these opportunities with our local community.

## Agenda

- **Welcome – Congressman Gregory W. Meeks and Queens Borough President Donovan Richards**
- **Greetings – Managers of External Affairs & Community Outreach, Rachelle Antoine & Tunisia Morrison**
- **JFK Redevelopment Program Overview**
- **Updates from The Port Authority of NY & NJ**
- **Community Engagement & Outreach Update**
- **Committee Updates & Community Development Program**
- **L/M/WBE Participation Update**
- **Developer Updates**
  - T1/The New Terminal One
  - T8/American Airlines
  - T4/Delta Air Lines & JFKIAT
  - T6/JFK Millennium Partners
- **Q&A**

# Welcome

**Congressman Gregory W. Meeks**  
Co-Chair,  
JFK Redevelopment Community Advisory Council

**Queens Borough President Donovan Richards**  
Co-Chair,  
JFK Redevelopment Community Advisory Council

## JFK Redevelopment Community Advisory Council Co-Chairs

Congressman Gregory Meeks Queens and Borough President Donovan Richards, Jr.

**Congressman Meeks** welcomed everyone on behalf of himself and our Borough President. He reflected on the last time we in person and underscored the importance of the work we are doing. After a brief update on his work in Washington, he reminded us that everyone is looking at this JFKR model because of the intentional community involvement and we want to ensure its success and be confident that all voices are included and being heard.

## JFKR Managers, External Affairs and Community Outreach

# JFK Redevelopment: Program Overview

<b>Terminal 1</b> (New Terminal One)	• \$9.5B new terminal; open 2026
<b>Terminal 6</b> (JFK Millennium Partners)	• \$4+B new terminal; open 2025
<b>Terminal 4</b> (Delta Air Lines and JFKIAT)	• \$1.5B expansion / renovation; open 2023
<b>Terminal 8</b> (American Airlines)	• \$400M expansion / renovation; open 2022

***Transformative \$15+ billion of private investment  
across 4 terminals***

# JFK Redevelopment: Program Overview

**Private investment = \$15 Billion**

**PANYNJ investment = \$2.9 Billion**

**Leveraging public dollars at a 5:1 ratio**

***Total JFK investment = \$18 Billion***

# Airport Parking Advisories

**Beginning Friday, July 8, the T1 Green Garage and the T2 AirTrain Station will be closed to the public** in preparation for demolition activities associated with the New Terminal One project. On this date, **AirTrain service to Terminal 2 will be discontinued.**

The Green Garage exit will be maintained for a two-week period to allow patrons who parked in the garage before July 8<sup>th</sup> to exit the garage prior to the start of demolition activities.

**Beginning Friday, July 15, New Summer Peak Surcharge will take effect** at major PA airports parking facilities. To manage on-airport parking demand, **the Port Authority is urgently calling on air travelers to pre-book parking spaces** if they plan to travel to the airport by private car. Pre-booked parking customers during the summer peak will continue to pay current daily parking rates. **Travelers who do not pre-book will be charged a summer peak period surcharge.**

## Central Terminal Area: Roadways | Utilities | Ground Transportation Center

### ROADWAYS

- Reconfigured CTA roadway system
- Seamless and more efficient access to Terminals
- Intuitive wayfinding and enhanced traffic technologies

### GTC GARAGE

- Multi-level parking with enhanced technology
- Arrivals plaza to support multiple functions at-grade
- Accommodate roof level plaza (future build-out)

### UTILITIES

- Relocate existing utilities
- Selected utility upgrades to current standards
- New utilities to support new facilities and systems

# Central Terminal Area: RUGTC

## MWBE/SDVOB/LBE Industry Outreach Forum – July 19<sup>th</sup> at 1 PM

### Preliminary Trade Breakdown List (subject to change)

- Mechanical
- Plumbing
- Electrical/Electronics
- Concrete – form, place and finish
- Trucking
- Site Work – earthwork, clear/grub, utility piping installations
- Misc. Metals erection – same trade as steel/precast
- Masonry
- Structural Steel/Precast Erection
- Demolition
- Paving
- Fencing and Guardrails
- Landscaping
- Glazing/Curtain Wall
- Pavement Markings
- Saw cutting
- Sign Erection
- Traffic Signals

### Preliminary Trade Breakdown List (subject to change)

- Fire Protection
- Painting
- Borings
- Pile Driving
- Highway Safety Equipment
- Surveying
- Toilet accessories
- Ceramic tile

### Design Services

- Architectural, Engineering
- Environmental and permitting
- Construction Inspections

### Construction Services

- Passenger Circulation (GTC Elevators)
- Environmental (erosion / sedimentation control, HCM abatement)

## Logistics Support Services (LSS)

- Goal is to centralize and situate logistics support services on Airport property.
- Includes barging, two concrete batch plants, and concrete crushing/recycling operations.
- Integrated approach for all developments consistent with JFKR program goals:
  - Reduce truck activity in surrounding communities.
  - Reduce emissions associated with transportation of construction materials, debris, and dust.
  - Centralize concrete crushing operations for a common use recycled aggregate facility to serve all developments or barge excess.
- RFP to provide logistics support services of barging, concrete batching, and concrete crushing services has been released to the market.

# Logistics Support Services (LSS)

## Barging

- Utilize marine-based transport (barging) operations for the import and export of certain materials necessary to complete Program demolition and construction work.
- Materials required to be exported by barge:
  - Asphalt millings / Excess soil / General construction and demolition debris
- Materials required to be imported by barge: Construction aggregates, including but not limited to:
  - Sand / Gravel / Stone / Crushed rock

## Concrete Batching

- Operate two high-capacity concrete batch plants to be utilized for production of concrete to be used on Airport construction projects

## Construction Waste Management

- Implement an on-site concrete crushing operation to receive and crush all concrete generated as part of the demolition and construction work. The crushing operation shall produce a dense graded aggregate base course suitable for reuse onsite.

# Logistics Support Services (LSS)

# Logistics Support Services (LSS)

## JFK REDEVELOPMENT OUTREACH NOVEMBER 2021 - MARCH 2022 ROADMAP

# JFK Redevelopment Job Opportunities

The JFK Redevelopment Program Management team has immediate openings for entry level and experienced candidates across a range of disciplines including the following:

- Senior Scheduler
- Project Coordinator
- BIM Specialist
- Terminal Project Manager
- Landside Project Manager
- & More.

Be part of the growing team developing a new, world class John F. Kennedy International Airport. This high-visibility, complex design and construction program requires a collaborative, multidisciplinary team working together across disciplines to deliver quality work, on time and within budget.

**HNTB** has immediate openings for entry-level and experienced candidates across a range of disciplines, including:

- Senior Scheduler
- Project Coordinator
- BIM Specialist
- Terminal Project Manager
- Landside Project Manager

For further questions, please click above on each Job Position. For a full list of positions and to apply, visit [hntb.jobs](https://hntb.jobs) and search for "JFK"

## Community Development Program

An initiative advanced for funding and implementation must fall within one or more of the (4) focus areas and have the following characteristics:

- Clear nexus to the Redevelopment Program
- Falls within one or more of the four focus areas
- Demonstrably impacts the community through one or more of the Goals & Objectives
- Discussed with and based on feedback from the Advisory Council, or the relevant Committee

# Community Development Program

## Goals and Objectives

- Ensure that the Airport **remains a good neighbor to the Community** throughout the duration of the program and the Community is left in a better state than it was prior to the commencement of the Program.
- **Minimize negative impacts** caused by short-term construction and long-term airport operations on neighboring communities and **strengthen economic ties** between Airport and Community.
- **Identify and prepare MWBEs, LBEs, or ACDBEs** to compete for contracting opportunities on the Program or at the Airport.
- **Create educational programs for K-12 students** in the surrounding communities in aviation-focused STEM fields.
- **Encourage career paths in aviation** by supporting educational and vocational pathways for local high school and college students.
- **Facilitate employment of local residents**, including those with prior involvement with the justice system, on the Program and at the Airport, and create true pathways to union careers for local residents.
- **Demonstrate environmental stewardship** during and as a result of the Program.

28

# JFKR Aviation STEM Program at York College

- Build and expand on York's successful 22 years of experience with STEM programming
- Serve 725 students/year
- 4 Saturday (full-day) program in fall and spring semesters
- 4 week, 5 days/week program during summer
- 4 cohorts based on grade
  - Grades 9-12
  - Grades 6-8
  - Grades 4-5
  - Grades 1-3

## 4- Saturday Programs

- Middle & High School Groups: Grades 6-8 and Grades 9-12
  - Inspire students' creativity in aviation STEM through hands-on robotics projects and the uses of robotics in aviation
- Elementary School Groups: Grades 1-3 and Grade 4-5
  - Develop students' interest in aviation field through hands-on activities exploring the science & technology of flight
- Serves 600 students each year

## 4-Week Summer Program: Middle School (Grades 6-8)

- Excite students about aviation career and STEM through hands-on activities
  - Aviation
  - Cybersecurity
  - Robotics
  - Drones (lesson, safety, indoor gym usage)
- Serves 75 students each year

## 6-Week Summer Program: High School (Grades 9-12)

- Two Offerings
  - Spark interest in aviation career through STEM activities
- OR
- Support students interested in pursuing private pilot license
- Provide \$1,200 stipend
- Provide career-focused coursework earning participants 3 college credits
- Serves 50 students each year

# Business Development

## Airport Concessions Disadvantaged Business Enterprise (ACDBE)

**Definition:** An Airport Concessions Disadvantaged Business Enterprise is a for-profit business entity located in an airport engaged in selling consumer goods or services to the public.

### Eligibility Criteria for Certification:

- 51% owned by individuals or individuals categorized as economically or socially disadvantaged citizens or permanent residents.
- Domiciled at the airport or provide a service to the customers and concessionaires at the airport.
- Has size standards for program, industry, and Personal Net Worth (PNW).
- Site visits required.
- Applicant assigns its own North American Industry Classification System (NAICS) code(s).
- 90 days is given to complete a new application with a grace period of 60 days.
- The application is available at the agency portal: <https://panynj.diversitysoftware.com/>
- Contact the certification hotline at 212-435-7888 or email [certhelp@panynj.gov](mailto:certhelp@panynj.gov)

37

# The Institute of Concessions (IOC)

**Mission:** To provide diverse and local businesses a gateway to successfully operate a concessions business in an airport, in-terminal setting. Food/Beverage and retail revenue opportunities complemented by employment, purchasing, and spending will have a substantial economic impact centered in Southeast Queens.

**Strategy:** Deliver IOC through education and capacity building.

**Tactic:** Three (3) prong approach delivered over 3-months: learn, practice and live.

Learn	Practice	Live
<ul style="list-style-type: none"><li>• Target businesses that successfully operate in the Food &amp; Beverage (F&amp;B) and Retail sectors.</li><li>• Concessions industry experts to teach eleven (11) competencies necessary to operate a concession successfully.</li><li>• Two (2) keynote panels to address the pandemic and lessons learned, and financial resources available.</li></ul>	<ul style="list-style-type: none"><li>• Participants will be placed in a team and asked to present their responses to competitive solicitations.</li><li>• Presentations to be delivered verbally (i.e., Capstone) as well as written to a distinct panel.</li><li>• Panelist to be represented by PANYNJ, and Concessions Operators/Developers.</li></ul>	<ul style="list-style-type: none"><li>• Graduates of IOC to be selected for apprenticeships/internships with airport leading operators of F&amp;B and Retail (i.e., SSP or Hudson).</li><li>• Establish mentor protégé between existing airport businesses and graduates to facilitate experience and exposure to airport, in-terminal environment.</li></ul>

## Key Next Step

Search is underway for a Program Coordinator!

- Scope of services, responsibilities and requirements, to include:
  - Develop the IOC to be delivered virtually or in-person and centered around airport concessions best practices
  - Implement necessary technologies, printed materials, and other resources to manifest the IOC program plan
  - Serve as the Program liaison between PANYNJ, JFKR, instructors, and airport stakeholders
  - Facilitate all activities associated with successful delivery of the IOC
  - Develop, quality control, administer all related program and project management tasks
  - Support instructors with technical assistance
  - Host Q&A sessions before and after each module
  - Certified (or eligible to be certified) with PANYNJ or NYS ESD as a Tier 1 or 2 based business
  - Demonstrated record of developing capacity building and educational programs from concept to execution
  - Knowledge or experience working with government agency procurement practices, preferably the PANYNJ
  - Familiarity with Airport Concessions businesses and operations

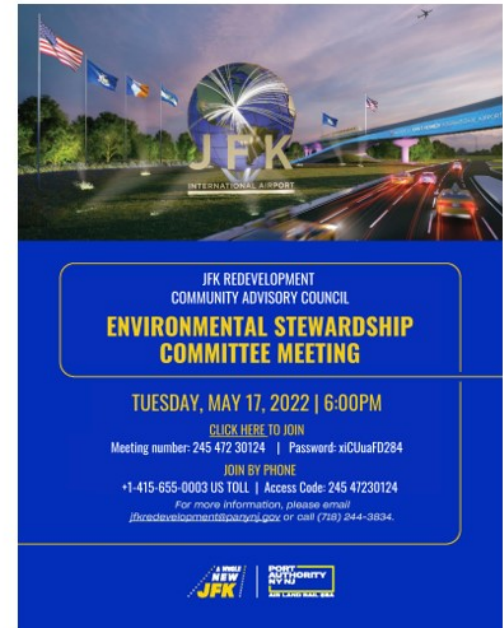

***To apply, submit capability statement, two letters of recommendation that attest to past performance and services, and samples of presentation materials via e-mail to [JFKRedevelopment@panynj.gov](mailto:JFKRedevelopment@panynj.gov), by Friday, July 15, 2022. The e-mail subject should read "Institute of Concessions Program Coordinator."***

# Environmental Stewardship

## Co-Chairs:

- Assembly Member Stacey Pheffer-Amato
- Barbara Brown, Chair of the JFK Airport Committee, NY Community Aviation Roundtable

40

## JFKR Sustainability Mini Summer Camp: 2022

- The JFK Redevelopment Community Outreach Team and PA Office of Sustainability will once again host a free 5-day Summer mini-camp about sustainability.
- Anticipated to reach up to 30 local students from SE Queens to participate in-person at JFKR Outreach Center in August 2022.
- Topics covered expected to include climate change, greenhouse effect, carbon effect, carbon cycle, renewable energy, conservation & resource management, The Clean Water Act, and environmental justice.
- The mini-camp will end with a special airside tour of JFK Airport.

41

# Rockaway Career Center

## Ribbon Cutting: Thursday, May 19th

The JFK Redevelopment Outreach Team, CAO, Rockaway Development & Revitalization Corp., and Members of the Advisory Council celebrated the opening of the CAO Rockaway Career Center.

**Purpose:** To help those individuals who live in Far Rockaway access job opportunities at JFK Airport. A community initiative that originated with the JFKR Community Advisory Council.

- Greetings were given by Rachelle Antoine, co-Manager of External Affairs and Community Outreach, Queens Borough President Donovan Richards, JFKR Career/Workforce Committee Co-Chairs Senator Leroy Comrie and RDRC President Kevin Alexander, Charles Everett, PA Director of Aviation, Andrew Campbell, CEO of CAO, and City Council Majority Whip Selvena Brooks-Powers (former Manager of External Affairs and Community Outreach for the JFKR Program).

# THE NEW TERMINAL ONE

## JFK INTERNATIONAL AIRPORT

JFK Redevelopment Advisory Council Meeting

June 30, 2022

## Project Update

- On June 10<sup>th</sup>, the New Terminal One (NTO) reached financial close on the terminal for the first phase of the project and executed a lease with the Port Authority allowing construction to proceed
- The Port Authority Board approved the addition of Ferrovial as a lead financial sponsor alongside Carlyle, JLC Infrastructure and Ullico
- The 2.4 million square foot terminal aspires to be among the top- rated airport terminals in the world
- NTO will create more than 10,000 jobs and strengthen the economic ties to the community
- Groundbreaking is slated for this summer, with the first new gates opening in 2026

NTO recognizes the importance of creating jobs, supporting local businesses, promoting diversity, and delivering opportunities to the local community

# Contractor Prequalification

- AECOM Tishman utilizes TradeTapp for its Pre-Qualification process
- To request a Pre-Qualification Questionnaire:  
Email [info@onejk.com](mailto:info@onejk.com) or  
Self-invite by visiting [www.anewjfk.com/projects/the-new-terminal-one](http://www.anewjfk.com/projects/the-new-terminal-one)
- Submit a completed questionnaire and upload financial records and safety documents

## JOIN THE NEW TERMINAL ONE TEAM

The New Terminal One invites all vendors to join the AECOM Tishman bidders list. Click on the "Prequalify" button below. All Vendors are asked to complete an online Prequalification Questionnaire and upload required financial records and safety documents that provide the team with relevant information concerning their financial health, safety and integrity records.

- 1 First time users, please create an account then login.
- 2 If you have an account, login
- 3 Open the "Qualifications Tab", followed by the "TradeTapp Invites" to locate the **Tishman Construction Corporation** questionnaire to prequalify for The New Terminal One.
- 4 If you have any questions, please email [support@tradetapp.com](mailto:support@tradetapp.com)

 PREQUALIFY

**THE NEW TERMINAL ONE**  
JFK INTERNATIONAL AIRPORT

JFKR Advisory Council Meeting – 6/30/2022

## Early Local Partners - RCGA Architects

**Robert Gaskin, AIA**  
Principal

- Founded in 1997, RCGA Architects is one of the most respected architectural and interior design firms in New York
- RCGA has designed the demolition of the Green Garage parking structure and JFK Air Train Terminal 2 Station nomenclature
- RCGA will also design the demolition of Terminal 2
- Local certified MBE in Tier 1 priority zone
- Total value of awarded work is \$5.1M

**RCGA**

6/30/2022	CAO's 2022 Aviation Job Fair

## PRE-QUALIFICATION PROCESS

- To facilitate the prequalification of contractors, Delta Air Lines, Inc. has engaged Vertikal RMS as a third-party administrator to assist in gathering and reviewing prequalification data.
- As part of the process, you will be asked to complete an online questionnaire and provide supporting documentation through a secure website. Your financial information will be held in strictest of confidence.
- The online platform is user friendly and simple to navigate. If you choose to not complete the form in one sitting the website allows you to save your progress until you are completed and ready to submit.
- Delta asks that you submit the full prequalification package before any bids are submitted.
- Good news, the prequalification is applicable to both LGA and JFK projects. One form will service both projects. Once the prequalification is completed the information is valid for about 1 year. When the information is due to expire Vertikal will automatically reach out and ask for updated information so that you can stay current for future bidding opportunities.

# TERMINAL | TRANSFORMATION

The Terminal 4 Transformation is a component of the Terminal 4 Expansion and Redevelopment program. This program, at \$154m is the basis for Terminal enhancements which will optimize areas of the Terminal holistically. These elements focus on People, Processes, Place and Technology. Together with the Delta Redevelopment and expansion, the Terminal Transformation program is an integral part of the overall Airport Vision Plan of transforming JFK into a World Class airport. Areas of Transformation have been fundamentally prioritized within the \$1.5b Terminal 4 Expansion plan to match this vision.

**The Transformation Work is comprised of the following seven main elements:**

1. AirTrain Infill and Ticket Desk Relocations
2. Amenities and Restrooms
3. Departures Hall Renovations
4. Artwork Program
5. Concourses A & B Holdroom Renovations
6. Commercial (Concessions) Upgrade
7. One JFK Branding and Signage Upgrades

## Executive Summary

JFK Terminal 6 is a **\$4+ Billion** Redevelopment project anchoring JFK's north side and built on the sites of the former Terminal 6 and the current Terminal 7, which will be demolished in 2025

- To date, JMP has executed and spent over **\$100m** ahead of financial close with MWLBE participation across professional services, design, and construction.
- Over **99.9% of the total project budget** is left to be spent with opportunities available to MWLBES over the next five years.
- At financial close, over **\$400m** of additional contracts will be executed across all categories, with total awards expected to meet PA MWBE participation goals.

# T6 Project – A Timeline of Opportunities

2021	• Port Authority project approval
2022	• Financial close • Ground-breaking
2023 2024	• Phase I construction of new T6 • Interim operations of T7
2025	• Phase I completion: central hall, first new gates open; demolition of T7
2026/ 2027	• Phase II construction
2027	• Phase II completion: additional gates open; Full terminal occupancy

## Contracts Executed and Spent to Date B2G Report

Just over \$100 million of \$4+ Billion Project Cost spent to date\*

	<u>Total Spend</u>	<u>MBE \$,%</u>	<u>WBE \$,%</u>	<u>LBE \$,%</u>
Professional Services →	\$17m	\$1.2m, 7.2%	\$0.7m, 4%	
Design and Construction →	\$98.6m	\$13.9m, 14%	\$8.4m, 9%	\$1m, 1%
<b>Total across categories</b>	<b>\$115.6m</b>	<b>15.1m 13.1%</b>	<b>\$9.1m 7.9%</b>	<b>\$1m 0.9%</b>

\* Professional Services as reported in B2G as of May 2022,

\* Design and Construction of \$92.3 as reported in B2G, plus an additional \$6.3m by AECOM through end of May 2022

# Professional Services

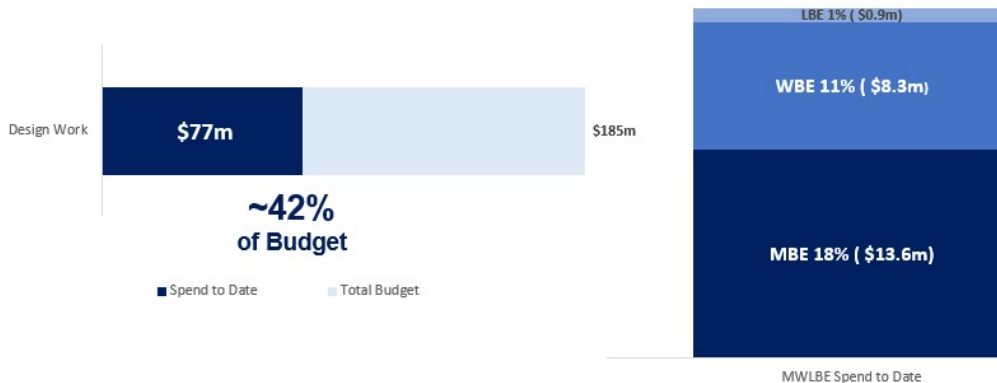

To be Awarded at Financial Close

- Strong MWBE Participation expected in Financial Transaction related services – Bond Underwriting & Municipal Advisor participation
- Strong MWBE Participation expected in Technical related services – Special Inspections and Commissioning
- Strong MWBE Consultant and Advisors Participation

# Design Work

EXECUTED CONTRACT VALUE AND MWBE PARTICIPATION AS OF MAY 2022 REPORTED IN B2G

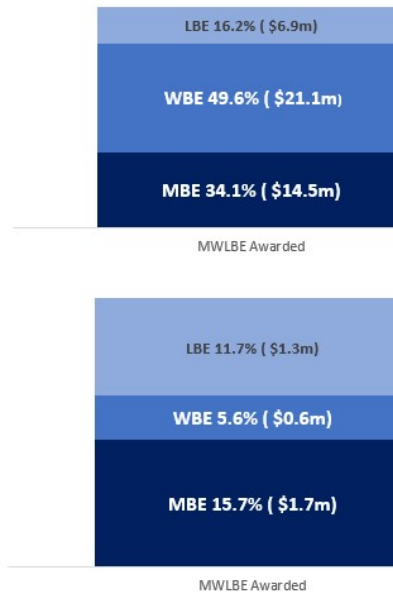

- “Early Wins” list contains 20+ MWBE firm selected for work to date with contract value exceeding \$20 million, or 29% of total

# Unbundled Construction Packages

GC/GR and Terminal 5-Gate30

- Referenced packages are in the final phase of being awarded by AECOM Hunt, reported as of May 2022
- MWLBE contracts of \$38 million are ~72% of the current \$53 million value with more packages to be released.
- Awarded contracts are not reflected in B2G until contract execution
- Packages are unbundled to encourage stronger MWLBE participation in areas such as:

- Surveying
- Dumpsters & Trash Hauling
- On Site Medic
- Site Safety Manager
- General Labor
- Noise Vibration & Monitoring
- Temporary Fencing

~\$53m of Unbundled Packages awarded, with 30% MBE, 41% WBE, and 15% LBE

## Construction Trades

\$21 million actual spent in B2G as of May 2022

\$233 million in final phase of being awarded by AECOM Hunt as of May 2022

Current contract values represent MWLBE opportunities in the following trades with significant opportunities yet to come:

- Enabling Work
- Structural Steel
- Baggage Handling Systems
- Foundations and Piles
- Building Envelope Consultant
- Electrical
- Metal Fabrications
- HVAC
- General Labor
- Noise Vibration & Monitoring

**SIGNIFICANT CONTRACT VALUES HAVE BEEN AWARDED AND PENDING FINAL AWARD**

## MWBE Outreach & Community Engagement Events

- Since April 2022 JMP/AECOM hosted eight curated events focused on specific trade package, pre-qualification, insurance, risk, safety and contract compliance.
- Robust Engagement Strategy aimed at increasing prequalification for local and diverse businesses. Recently added 211 people to bidders list.
- Focused One-on-One Technical Assistance
- The JMP Team is focused on innovative Strategies to increase engagement. Future events are in the planning stages that includes:
  - Match-Maker
  - Round Tables

## MWBE Outreach & Community Engagement

JMP joined high profile community events in the past three months for outreach and engagement

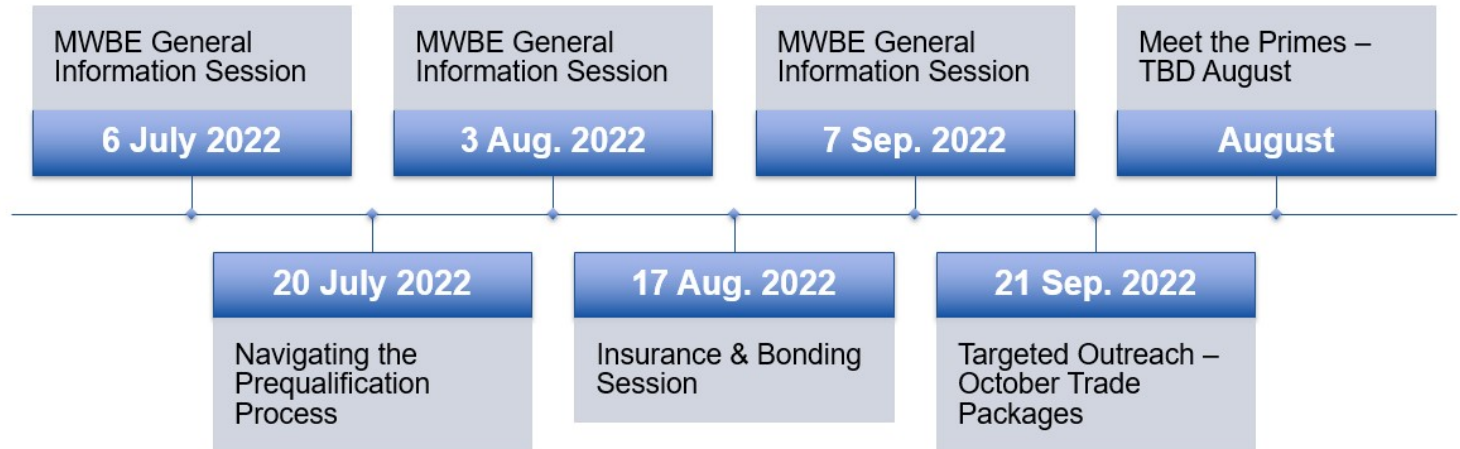

Left to Right 1: Women's Business Council, 2&3: Queen's Business Expo, 4: Far Rockaway CAO Ribbon Cutting

# Upcoming Events for T6 Pipeline of Work

JMP is planning for continued intense public outreach and engagement series in the next three months in preparation for significant opportunity pipeline post financial closing

JMP stands ready to enable MWLBE communities to participate widely in the JFK Terminal 6 Project delivery  
We look forward to connecting with you

# **Q&A**

## **Thank You and Have a great summer!**

**AIR LAND RAIL SEA**

### **Q&A Summary:**

Mr. Hyliger shared the following questions/considerations:

- The 2 major clergy organizations in the redevelopment area need to be made aware of the concession opportunities.
- Confirming that a commitment was made for CAO to send Community referrals to apply for Air Traffic Controllers who start at 70K with a High School Diploma
- Are Black & Brown landscaping firms being considered for the JFK Redevelopment like it was for Air Train Project?
- The success record from the NYC School of Construction Authority needs to be duplicated in this project.
- The Education Committee should be working with YORK College Seniors to be able to take CUNY courses to become Construction Administrators

### **Response:**

Hersh Parekh suggested these items should be shared with the Career & Workforce Development Committee and Education Committee for further discussion / action.

Mark Fatukasi shared he worked on the Opportunity Academy at the School of Construction Authority and willing to share best practices.

**Question** (Jamal Wilkerson from Speaker Adrienne Adams Office):  
What other community initiatives are coming down the pipeline?

### **Response** (Tunisia Morrison):

The two main initiatives being focused on right now are the Institute of Concessions and the YORK STEM initiative. Additional proposals are being vetted.

Hersh also shared that multiple initiatives will be rolled out throughout the duration of the redevelopment.

**Question** (Brendez Winglass):

How can the community track the progress of the MWBE goals and commitments?

**Response** (Hersh Parekh):

In addition to the updates given at the quarterly meetings, the website will be updated with this information over the summer.

**Question** (Linette Townsley, SE Queens Chamber):

Are there mentorship opportunities for young people, especially ages 18-30?

**Response** (Tunisia Morrison & Rachelle Antoine):

The team is always advocating for youth participation with additional ideas for a youth sub-committee. Currently there is SYEP participation from PAL, August Martin HS, and LaGuardia Community College.

Additional internship opportunities are available through partner organizations, HNTB and with a focus on paid internship opportunities.

Anthony Pastore & Yvette Greene Dennis shared additional information about other pathways to Trades and the Labor Union.

Additional ideas can be discussed during the Education Committee and Career & Workforce Development Committee.

**Question** (Lola – Physical Therapist):

How do you take care of construction workers / how does healthcare fit in to the intensive work that is being done? Seems to only focus on construction.

**Response** (Kim Hardy):

In addition to the construction opportunities, there are a full array of opportunities for Professional Services available. All Terminal Developers are available to discuss in further detail.
