

Are you interested in learning more about exciting opportunities with JetBlue and JFK Millennium Partners (JMP) as part of the Port Authority of New York and New Jersey's (PANYNJ) JFK Redevelopment Project?

Join JetBlue, JMP and Jean Kristensen Associates for an informational webinar on **Thursday, September 5, 2019 from 1:00pm-3:00pm EST**. The webinar will focus on upcoming participation opportunities for local and minority and women-owned business.

Webinar registration: <https://tinyurl.com/yylrljtf>

Project Background:

The PANYNJ selected JetBlue and JMP to redevelop Terminals 6 and 7 at JFK. The project is in its very early phases as the team is in the process of selecting its prime design-build contractor. In line with Governor Cuomo's 30% Minority and Women-Owned Business project participation goals, the JFK Redevelopment will create many opportunities for MWBEs across the state of New York.

On the upcoming webinar, participants will learn about project timelines for preliminary design, preconstruction, and phase-1 construction opportunities. The webinar will also cover a range of MWBE certification resources, and share best practices for winning contracts on a large project.
